

## **ANNA'S OPPORTUNITY AGENDA**

<b>Affordable Housing &amp; Public Transit</b>	We have an affordable housing crisis in Florida, and no effective public transit system. Through bringing stakeholders together, utilizing the latest technology, and securing affordable housing funds, we will create smart infrastructure that supports the growth of all Floridians.
<b>Arts &amp; Culture</b>	Thanks to Anna's advocacy in the Florida House, we have increased arts funding by 800% in Florida, bringing us from 48/50 in the country to 20/50. We must continue to reinvest in our local arts community and revitalize Florida's film industry.
<b>Economy &amp; Jobs</b>	No Floridian should live in poverty. We will fight for fair wages and taxes, economic upward mobility, and will work to support our community's small businesses, entrepreneurs, and unions. Learn more about our <i>47 Means Business</i> platform here: <a href="http://annaforflorida.com/business">http://annaforflorida.com/business</a>
<b>Educational Access &amp; Attainment</b>	We must fully fund our public schools, pay our teachers competitive salaries, eliminate high-stakes testing, and ensure access to both higher education and accelerated training programs for our high school graduates. Anna will never arm our teachers and will instead invest in meaningful school safety measures. Students, teachers, and parents need our support, and they need it now.
<b>Environmental Protection</b>	Florida's future economy relies on protecting and preserving our natural resources, from waterways to beaches, to environmentally sensitive lands. As the Sunshine State, we should be the global leader in renewable energy, especially solar. Anna has been leading that charge and accepts no donations from fossil fuel companies or big sugar. We must ban fracking, work to curb the impact of climate change, and ensure environmental justice for all.
<b>Equality for All</b>	Regardless of where you come from, who you love, who you worship, how much money you make, the color of your skin, your gender, or your disability status – you should have equal opportunity to achieve your dreams and live a life free of discrimination.
<b>Government Accountability &amp; Ethics</b>	We will work hard to reduce wasteful government spending and eliminate the corrupting influence of corporate finance in elections. We will expand voter rights, restore home rule on key issues, and work to ensure legislators are required to host annual town halls. In her first year of elected office, Anna has hosted more than 10 town halls. You deserve a better government, one that actually works for you, and home rule on local issues.
<b>Healthcare as a Human Right</b>	Florida has some of the worst healthcare outcomes. We will fight to expand Medicaid, identify funding sources for mental health, and will ensure every Floridian, regardless of pre-existing conditions, has access to world-class health care. Anna also supports the use of Medical Cannabis and will prioritize efforts to support Floridians who are suffering from the opioid crisis.
<b>Safety &amp; Security</b>	Floridians deserve to feel safe in their schools, clubs, places of worship, movie theatres, work, and neighborhoods. We will fight for common sense gun safety legislation, criminal justice reform, and will support our first responders too. We must also be prepared to manage the next natural disaster and cyber security threat.
<b>Supporting Those in Need</b>	Children, seniors, veterans, those displaced by climate change, the formally incarcerated, and the disability community need and deserve a Representative who cares and fights for them. We will advocate for marginalized communities, and ensure the well-being of Florida's families, including our pets!
<b>Women's Rights</b>	Anna has committed her life's work to women's empowerment and feels firmly that women must have the ability to make their own personal medical decisions. She will fight to ensure access to reproductive health, including pre-natal and post-natal care. She will advocate for the ERA, earned sick time, equal work for equal pay, and stronger systems to report sexual assault and harassment. Anna brought back funds to support human trafficking prevention in Central Florida and will continue to advocate for our survivors– always.
